CAREER OBJECTIVES

Seeking a challenging position as a Developer to utilize my strong communication and technical skills, acquired through my final year studies, to contribute to the success of a development team. Aiming to apply a passion for coding and problem-solving to develop efficient and robust software solutions that fulfill end-user requirements and contribute to business growth.

WORK EXPERIENCE

Backend Developer Intern

01/2023 - 07/2023

Compserv Consultants Pvt. Ltd. Kolhapur

- Collaborated effectively with a development team, promoting teamwork and open communication.
- Leadership responsibilities on specific projects, coordinating tasks and ensuring project success.
- Adapted quickly to the office environment and worked well with the colleagues.
- Managed multiple priorities and deadlines in a fast-paced work setting.
- Demonstrated strong interpersonal skills and built positive relationships with team members

Web Developer Intern

12/2021 - 01/2022

Tecspeak IT solutions, Sangli

- Created web-forms which are required for a Travelling booking site.
- Developed web-pages like Home page, Admin pages, Users (DB) page. ASP.NET tool is used to develop these pages.
- Worked with database with SQL technologies.

PROJECTS

TASK TRACKER (Projects-Employees Management System)

- Collaborated with a team of 6 members on a web-based Task Tracker project.
- Utilized technologies like PHP, JSON, AJAX, and MySQL for server-side scripting, data storage, and user authentication.
- Implemented frontend and backend functionalities using HTML, CSS, and JavaScript, JQuery.
- Task Tracker aims to manage and enhance any organization's projects and employees performance and keep track of employee's work.

ATM MACHINE USING C++

- Developed console-based ATM machine application using C++ in Code Blocks.
- Implemented functionalities such as creating account, balance inquiry, withdrawal and deposit, etc
- Basic concepts of OOPs are implemented in this project.

WORD CLOUD (USING PYTHON)

- Implemented word cloud using Python automation to generate visually appealing word art from a selected paragraph.
- It creates a word art picture from a paragraph.
- Python program which selects random unusual words and append it into a picture with random colors.

ASVA TRAVELS (TRAVEL BOOKING SITE)

- Developed some of the essential web forms for a travel booking site using ASP.NET.
- Designed pages including home page, admin pages, and user pages integrated with SQL database.
- Used Microsoft SQL Server for project database and connection.

EDUCATION

Bachelor In Technology (B.Tech)

11/2019 - 06/2023

Sanjay Ghodawat University, Kolhapur

7.67/10 (GPA)

HSC

06/2018 - 03/2019

Govindrao Jr. College, Ichalkaranji

67.38 %

SSC

06/2016 - 04/2017

New English School Rendal, Rendal, Kolhapur

82.60 %

TECHNICAL SKILL

Programming Languages

- C++, C, JAVA, PYTHON-3
- Data Structure and Algorithms

Web Development

- ASP.NET, HTML-5, CSS-3
Bootstrap, JavaScript, Ajax,
jQuery

Database Management

- SQL, MySQL

Tools

- VS code, Sublime, MySQL server
- Xampp, GitHub

Operating System

- Windows, Linux

OTHER SKILL

- Quick Lerner
- Problem Solving
- Multi-tasking
- Co-operative
- Communicative
- Analytical
- Versatility

CERTIFICATIONS

- C++
- Python
- SQL
- Internship Certifications
- Web Development Competions
Certifications
- Hackathon Certifications.

VOLUNTERING EXPERIENCE

TECHNICAL HEAD CSI Committee, SGU (2021-22)

- Led and organized various technical events and activities as a part of CSI committee.
- Held an online session with Guest led all the event successfully.

TRAININGS/WORKSHOPS

- Participated in Web Development competition held on the college campus in November 2022.
 - Engaged in hackathons organized by GeeksforGeeks and actively participated in daily coding challenges.
 - Took part in hackathons conducted by Coding Ninjas, Newton Schools, and other platforms.
 - Attended workshops and training sessions on web development, enhancing skills in areas such as HTML, CSS, JavaScript.
 - Participated in coding bootcamps and online courses to expand knowledge and proficiency in programming languages and tools.
-

INTERESTS/HOBBIES

- Swimming
- Listening music
- Coding
- Web Development
